

Standard Wire & Cable Co.

Funding Date: 2/14/2006

Standard Wire & Cable Co. used to operate from a leased facility, when they located a property in Rancho Dominguez, California, which they wanted to purchase through the SBA-504 loan program. Advantage CDC with the cooperation of South Bay Bank / First California Bank materialized the acquisition of the said office/warehouse property to best suit the needs of the company's operation and scope of business. The total square footage of the building is 45,324 including 8,000 square feet of office area.

Standard Wire & Cable Co., specializes in designing, engineering, and manufacturing commercial, military, and industrial electronic and electrical wire and cable.
